CHAPTER – XIII

CONCESSIONS PERMITS ETC.

Maharashtra State Warehousing Corporation (MSWC) operates under the Warehousing Corporation Act, 1962, Bombay Warehouse Act 1959. Bombay Warehouse rules 1960 and Maharashtra State Warehousing Corporation (staff) Service regulation. The MSWC is providing Scientific Storage Facilities for more than 400 commodities at **203** Centres. As a bailee of the stocks stored in its Warehouses, the Corporation does not grant any permits, concessions and authorizations of any kind to the public. However, MSWC provides rebate on Storage Charges to the bonafide farmers, (Primary Producers), who bring their food-grain produce to Warehouses for storage. As a quality policy MSWC has to reach its customers. As a part of aggressive thrust under the Quality Policy, rebates are extended to customers / users on certain criteria such as committed volume of business for a committed period based on market forces.
